TO THE TRADE

We take pleasure in presenting this our Wholesale List of the Fall planting season. We urge you to use same as often as you are **in the market for Peonies and Tulip Bulbs.**

New customers are always welcome. Do not hesitate to send small orders for we know from past experience that the small order of today is the large order of tomorrow. We will give the same personal attention whether the order is for \$5.00 or \$500.00.

Every order received for Tulips and Peonies will be treated as a rush order unless otherwise instructed. We are prepared to handle many orders per day and can make shipment promptly as long as available stocks last. We are sure our trade friends will appreciate this service in the rush season. **To save confusion and extra correspondence mention second choice in ordering if you have same.**

Important Notice. The Gladiolus Crop has been seriously shortened by the general and prolonged drought of the past summer and large sizes will be extremely scarce. We are offering on the back page of this list some of the most popular Gladiolus in sizes 2, 3 and 4. These will be ready for shipment after November 20th and we urge you to cover your requirements at once, whether for fall, winter or spring delivery. We are in excellent position to take care of your business.

Profitable Peonies for Every Purse and Purpose**Ready from September 15th to November 15th**

You take no chances in buying your Peony roots of Hunter as we list only dependable varieties. Plant any time from September 15th to November 15th in well prepared soil, covering eyes not more than three inches deep and when cutting the flowers do not remove all of the leaves from the plant. **Remember Peonies are probably the most valuable of all perennial plants.** Once planted they require but little care and are practically permanent, growing in value from year to year. Quotations are for standard 3-5 eye divisions, healthy and true-to-name, and guaranteed to please you.

Tulip Bulbs from Holland's Finest Fields

Ready October 1st to November 15th.

Our Bulbs this season are of the finest quality available and will please the most exacting. Varieties marked with an (f) as *Pride of Haarlem* (f) are especially recommended for forcing in pots, pans or flats.

For beds and borders these large bulbs will be found superior to lighter grades and you can build a fine reputation with Hunter's Tulips as your customers will give you repeat orders. Also **you can realize better prices because the quality is of the best.**

We are listing only the late May flowering types which bloom at about the same time and are equally good for cutting or landscape planting. Sell bulbs to your customers this fall and make a planting for your own cutting next spring. Two profit-taking periods if you have sufficient stocks. Our prices include all duty, ocean freight and brokerage fees; you pay only freight or express from Dowagiac, Michigan.
